Deputy State Examiner

September 6, 2016

We are deeply saddened by severe losses suffered by so many as the result of the unprecedented flooding of mid-August. The reality of such widespread devastation is sobering, but we remain hopeful for a safe and speedy recovery, and thankful for the selfless outpouring of support from so many who have rushed to our aid.

Many cities, parishes and fire protection districts that operate under the Louisiana Fire and Police Civil Service System could not escape the floodwaters. Offices were inundated. Equipment and records were destroyed. Fortunately, the OSE maintains certain records that can be easily duplicated in order that at least some losses might be restored. Personnel action forms, fire and police civil service board minutes, correspondence, and grades sheets from which employment eligibility lists may be recertified are a few examples of the records that we maintain. Therefore, if your records were impacted by the flood, please contact the OSE at your convenience to discuss how we may respond to your records recovery.

Sincerely,

Robert S. Lawrence
State Examiner
