Deploys hose at the scene using a forward, reverse or split lay. Opens and closes discharge valve and monitors all gauges to ensure effective water supply to hose lines. Operates fire hydrant, making connection with soft sleeve hose to the truck for additional water supply. Calculates discharge pressures for nozzles and friction loss for hose lines. Estimates lengths of hose needed to reach fire source. Inspects charged hose lines to ensure tightness of couplings and to remove kinks or take up slack. Monitors all gauges, valves and hose lines while making adjustments as necessary to supply and regulate water. Repairs or replaces burst hose sections as needed. Determines the number of hose lines that may be added at any time during pump operations. Shuts down pumper using correct procedures.

Determines which ladders may be used safely in accordance with weight limitations. Maneuvers, raises, spots, holds, bridges, and lowers ladders using various carries and positions. Monitors the

removal of ropes, extension cords and other tools from the apparatus or delivers them to the needed location at the fire scene. Carries and operates emergency lighting equipment, hand operated pumps and portable electric generators to support firefighting efforts. Listens and watches for orders and instructions from commanding officer at the fire scene. Observes and notifies officer in charge and others of new information on conditions. Relays orders from officers to firefighters when needed, and maintains awareness of suppression efforts in order to assist firefighters and ensure a safe and coordinated performance. Determines if a position is safe for firefighting crews by evaluating stability of supporting surfaces. Identifies and protects potential exposures. Notifies occupants or neighbors to vacate premises in order to provide safety at the emergency scene. Calms and comforts emotionally distraught victims, relatives or spectators at the emergency scene.

Reads placards or recognizes HAZMAT symbols to identify flammable or hazardous materials and reports to officer. Removes containers of flammable or hazardous materials at fire scene and acts to contain spilled hazardous materials. Performs salvage operations using covers, tarps, floor coverings, or chutes, and any other devices, equipment or tools. Performs overhaul operations to complete fire extinguishment by locating hot spots and hidden fires and removes debris and water using appropriate equipment and tools. Removes burning mattresses and furniture from building to reduce fire and smoke damage to building and contents.

Participates in emergency operations to rescue drowning swimmers and extricate persons trapped by vehicles or machinery. Examines victim for signs of injury, consciousness and breathing to assess nature and extent of medical problem. Provides emergency medical care to the sick or injured at the emergency scene or while in transport to the hospital by administering advanced first aid and emergency care techniques. Locates medical alert tags and obtains a comprehensive drug history on the victim to determine whether special treatment is necessary. Reports injuries to superior and notifies dispatcher to call for additional emergency medical help when needed.

Performs automatic sprinkler system support operations such shutting off water flow to sprinkler heads. Performs standpipe system support operations through siamese connection for interior attack or exposure protection. Resets alarms and restores sprinkler systems.

Inspects fire apparatus to determine proper operating condition and readiness for service or to determine if it needs repair or routine maintenance. Performs regular maintenance and safety tests of equipment such as fire pump, aerial ladders, tillers, elevating platforms, and emergency medical equipment. Locates, removes and replaces equipment using apparatus checklist and maintains inventory of tools and equipment. Cleans, tests, inspects, and properly secures any assigned firefighting equipment such as fire apparatus, turn-out equipment, ladders, tools, portable breathing apparatus, fire extinguishers, air packs, emergency medical devices, nozzles, hoseline, fittings or other related equipment to ensure compliance with departmental operating standards. Keeps informed on modern personnel management, human resources, administrative practices, and fire-fighting practices and methods. Studies new laws, regulations, ordinances, and court rulings relating to fire department operations. Recommends changes in department operations that will help the district to obtain favorable PIAL/ISO ratings. Maintains current fire protection and prevention standards with national standards and guidelines to ensure best practices.

Conducts inspections of the Administrative, Information Technology, Training and Safety, Fire Prevention and Inspections, and Communications Divisions of the fire department, observing department operations, and evaluating the effectiveness of the various divisions following inspections. Takes appropriate action to correct or improve problem areas.

Supervises positions in the Administrative, Information Technology, Training and Safety, Fire Prevention and Inspections, and Communications Divisions of the fire department by assigning work or duty areas, assigning work schedules, and approving leave. Provides assistance to subordinates in technical areas of work. Oversees and evaluates the work performance of subordinates, reviews reports written by subordinates, writes evaluation reports and discusses work performance with subordinates. Recommends disciplinary action against subordinates in the Administrative, Information Technology, Training and Safety, Fire Prevention and Inspections, and Communications Divisions. Counsels subordinates who are experiencing work problems and resolves employee grievances.

Conducts administrative investigations into alleged violations of departmental policies or civil service law in the Administrative, Information Technology, Training and Safety, Fire Prevention and Inspections, and Communications Divisions. Investigates complaints against department personnel in these divisions and formulates a recommendation for reply to the complaint or a recommendation for action to be taken. Meets with complainant to discuss outcome of investigation. Reports all investigative findings directly to the Fire Chief. Ensures that discipline is maintained by counseling these division employees who are experiencing work problems, by meeting with employees and or any other action deemed necessary. Investigates all accidents involving department equipment or personnel; determines cause and makes recommendations on procedure to avoid future accidents at the direction of the Fire Chief.

Provides for the maintenance of all department records such as personnel records, records of activity, and any others which may be required. Makes decisions concerning what information should be included in all records of the department and determines in what form this information should be kept. Reviews records completed by subordinates and inspects systems and facilities for maintaining records. Compiles and organizes data needed for reports. Develops and manages electron data processes to ensure complete and secure record keeping for the department. Personally completes any forms and records required.

Reviews correspondence addressed to the fire department and decides what type of actions should be taken in reply. Monitors the receipt of complaints from the public on hazards or on possible violations of fire codes, records all pertinent information, and ensures the complaint is processed following departmental procedures. Writes reports, letters or newspaper articles to address needs of the fire department, or convey an official department position upon request of and after approval of the Fire Chief.

Oversees the development of the training program for the department and sees that such program is properly staffed and supplied with training resources. Provides for regular employee training at all levels within the department by evaluating training needs and ensuring that department training or outside training is provided to meet the needs. Personally trains

personnel by conducting training in the classroom. Provides informal or on-the-job training for new employees.
